

COMPASS

Providing quality services to adults with disabilities since 1996

OUR SERVICES

SUPPORTED LIVING - SLS

Our mission in SLS is to help you be safe and happy in your own home and community. Our service is customized to the needs and desires of each individual, working with who you are and what you like. We help you search for a home and its furnishings in your preferred neighborhood.

INDEPENDENT LIVING - ILS

Our ILS program has a simple mission: We help you reach the full and independent life of your dreams. We believe that healthy people grow most importantly on the inside, so our culture and structure focuses on more than just being safe and learning basic life skills. Our instructors are life coaches who help in all aspects of your life as you go after your own unique goals and dreams.

COORDINATED FAMILY SUPPORT - CFS

We provide services to adult individuals living in their family home. These services are adapted specifically to the language and culture of the home. The intent of these supports is to assist the individual to develop skills in the home, coordinate and get services delivered, and access their community.
